

D0060710

1

The technical drawing illustrates a mechanical component with the following dimensions and features:

- Overall height: 35 mm
- Top horizontal slot width: 10 mm
- Left vertical slot width: 7.5 mm
- Right vertical slot width: 7.5 mm
- Top center hole diameter: $\phi 5$
- Bottom center hole diameter: $\phi 5$
- Bottom horizontal slot width: 10 mm
- Bottom right corner radius: 0.5 mm
- Bottom right corner hole diameter: $\phi 4$
- Vertical slot depth: 35 mm

PT. 1

A technical drawing of a square part. The overall width and height are both indicated as 9. A horizontal dimension line with arrows at the top indicates a length of 5 from the left edge to the center of a circular hole. A leader line points to the hole with a dimension of Ø 4.5. A vertical dimension line on the left side indicates a height of 4.5 from the bottom edge to the top of the hole. The drawing uses a coordinate system with dashed lines for axes.

PT.2

The technical drawing shows a top view of a rectangular part with a central hole and a bottom view showing a stepped profile. Key dimensions include a total width of $F \pm 2$, a central hole diameter of $\phi 6$, a height of 6, and a base width of 12 ± 2 . Section E-1 is indicated on the right side. The bottom view features a stepped base with a width of 1.2 ± 0.1 and a central feature with a radius of TOOL RAD.. A wavy line indicates a surface finish of $\phi G_{\pm 0.8}$. The overall height of the part is $G/2 \pm 0.4$, with a gap of $0.1 \sim 0.5$ between the top and bottom sections.
